RELEVANT SKILLS

- Agile development
- Team player
- Curious person
- Independent
- Proactive
- A2 German
- B2+ English

MAIN INTERESTS

- AI Development
- Software Development
- Backend Development

ABOUT ME

No working experience! I hope I'll participate in your project. I'm a very curious and independent person. I had several projects that I developed on my own, looking to satisfy my curiosity.

Furthermore, I participated in Eco Challenge YPF, something that doesn't have any relation to software development, but I gained experience working on projects in teams.

I enjoy challenges, especially solving them with mates.

EDUCATION HISTORY

Electro-mechanical technician
Technical Secondary School: Fangio's Foundation.
Year of Graduation: 2021
- Mercedes-Benz Argentina

Informatics Engineering
University of Buenos Aires
Expected: 2023-2030
